Profile

Computer Engineering student with hands-on experience in QA and full-stack development. Skilled in STLC, functional testing, and basic automation practices. Successfully delivered tested projects for Nepal Telecom and tech firms, ensuring product reliability and customer satisfaction.

Professional Experience

2025/05 – 2025/06 Buddhanagar, Kathamandu	**Quality Assurance Engineer Intern** *Code Logic Technologies Pvt Ltd.* - Executed end-to-end quality testing for the **Magar Association Belgium** project developed in Laravel, designing and executing test cases, performing functional, compliance, and regression testing, and documenting defects using standard QA standards. - Performed partial software quality testing for **Smart School** software used by 600+ schools, executing real-time bug testing, functional and regression testing, documenting defects, and collaborating with developers to ensure requirement coverage and software reliability.
2025/07 – 2025/09 Chabahil, Kathmandu	**Full Stack Developer Intern** *Nepal Telecom* - Designed and developed an end-to-end automated maintenance application, creating interactive wireframes and prototypes in Figma, and building the mobile application using React Native CLI for the frontend, Django for the backend, and PostgreSQL for database management. Implemented API integration, state management, and responsive UI components, and performed comprehensive self-testing, debugging, and validation across the full software development life cycle (SDLC) to ensure application performance and scalability.

Education

2020 – present	**Computer Engineering** *Nepal College of Information Technology* ⧉
2019 – 2020	**+2 Science** *Ambition Academy* ⧉
2019	**SEE** *Little Flower's English School* ⧉

Knowledge Areas

- Software Testing Life Cycle (STLC)
- Software Development Life Cycle (SDLC)
- Functional and Regression Testing
- Compliance and Security Testing
- Test Case Design & Execution
- Bug Tracking and Defect Reporting
- UI/UX Testing
- Project and Test Management
- Attention to detail & Accuracy
- Analytical & Problem Solving Skills
- Leadership
- Public Speaking
- Team Collaboration & Communication
- Ability to multitask

Projects

Vintage KITAAB
Ecommerce for thrift books
- Tech stacks : Html,Css,Js,Python(Django),MongoDb

TraffiSight
Vehicle speed estimation & number plate recognition using yolov8
- Tech stacks : Html, Css, Js, Python(Django), SQLite, yolov8, Bytetrack

Magar Association Belgium
Full-spectrum QA
- Performed Testings: Functional, Compliance, Regression, End-to-End , Defect Documentation/Reporting.

Smart School
Module specific QA
- **Performed Testing:** Functional, Regression, Compliance, Real-Time Bug, Defect Documentation/Reporting.
